

Constance Brown Hearing Centers is the most trusted source providing state-of-the-art technology to improve hearing for all. CBHC is unique in that we are the only nonprofit hearing center in Southwest Michigan offering comprehensive services for individuals of all ages with a hearing loss. We are one of less than 50 non profit hearing organizations in the United States

We have an exciting opportunity for an experienced fund development professional that also has marketing experience. This position has a broad spectrum of responsibilities including but not limited to development/management of grant proposals, donor relationships and community relations, as well as creating/managing print and electronic marketing.
